Why Join?

Thousands of Newport Beach residents and business owners have joined the Fire Medics program for the many benefits it offers, including:

No out-of-pocket expenses

Health plans rarely pay full paramedic and ambulance costs. If you're insured, the City of Newport Beach will bill your insurance company and accept its reimbursement as payment in full, with no deductibles or further charges. If you're uninsured, your Fire Medics membership covers you in full for 911 paramedic and ambulance services.

Unlimited usage

No matter how many times you must call for help, there are no out-of-pocket charges for paramedic and emergency ambulance services.

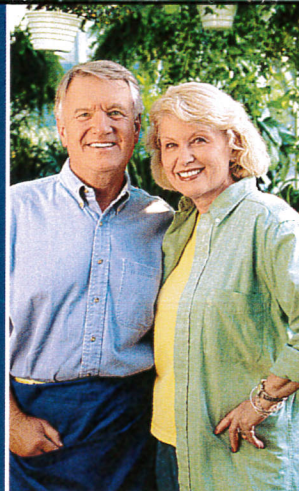

Family coverage

Your membership includes all family members living in your Newport Beach residence. Members will receive a Family, Safety and Medical Questionnaire to help paramedics access important health information during an emergency.

Workforce protection

You can protect your employees against unexpected paramedic and emergency ambulance charges while they're working at your business site.
